Here we are now
everything is about to change
We face tomorrow as we say
goodbye to yesterday
A chapter ending, but the
stories only just begun
A page is turning for everyone

So I'm moving on letting go
holding on to tomorrow
I've always got the memories
while I'm finding out who I'm
gonna be
We might be apart but I hope
you always know
you'll be with me wherever I go

DEDICATION

MRS. HEBERT

Always ready with a quick smile and a kind word, you have been there to support us throughout our journey from fifth through eighth grade. We will miss you as we continue on to high school, but you have left a mark that will remain with us forever.

To my Berkley Middle School students, I want to take this opportunity to share with each of you my sincerest appreciation for sharing your lives with me as you have traveled on this middle school journey. I truly enjoy coming to work every day because of all of you. I have had the pleasure of being at the Berkley Middle School for the past 4 years. To my 8th graders, know that I will treasure having had these last four years with you. We have literally shared your middle school careers together and it makes me so proud to see how ready and able you are to move on to high school. Know that the next four years hold incredible opportunities, happiness and successes for each of you...all you need to do is be yourselves, believe in your abilities and never forget how special you are. You will be missed but never forgotten. To my 7th graders, this next year is your time to shine and to be the leaders of our great school. The strengths and talents you bring with you make a difference to those around you and in our community. You are ready to take on this challenge and be great. To my 6th graders, you have already grown so much and are becoming the wonderful adolescents we have known you to be these past two years. You have come together as a team and bring out the best in one another. This next year will be one of the most important one for you academically in order to secure choices for your future. Take advantage of each and every moment and don't waste any opportunity offered to you. This is your time to make your mark and show us what you are really made of as great students. Lastly, to my 5th graders... what a wonderful transition to middle school you have made this past year. You came in ready to work and make yourselves part of this school family. You are all special and have such unique gifts to share with others. Remember the skills and strategies you have learned and add to them as you begin to your new year. I am so proud of how you face obstacles and overcame them; found ways to make a difference in the world through your charitable contributions; as well as how you embraced this first year and made your own way. Here's to another great year for all of us.
